

Daily Testing Registration

Shared Harvest Foundation is thrilled to be a partner in service with LWD to ensure that your safety and COVID-19 health questions and concerns are met during the upcoming LWD Summit. Our mission is to spread compassion through wellness, service, and relief, leading up to and during your experience at the event.

Shared Harvest is a social enterprise founded by three passionate Black women doctors who collectively have dedicated over 50 years of service to uplifting communities of color. In 2020, SHF launched myCovidMD™ Public Telehealth Platform to get real resources to residents in real time and provide white glove treatment to everyone, *every time*. Partnerships with organizations like LWD help us ensure that no neighborhood is left behind. **myCovidMD™ will provide a safe and easy way to complete vaccine verification and health screenings, so that you can enjoy yourself at the LWD Summit with confidence.**

In order to comply with health requirements for the LWD Summit, you will need to upload proof that you have completed a full series of the COVID-19 vaccine and booster shot. You will also be required to undergo a daily health screening and rapid antigen test. Everything you need to know about the LWD Summit COVID-19 Protocol procedures may be found on the LWD Summit Linktree provided [here](#). Additionally, the Linktree includes information about the test, registration process, and how to contact a member of our Health Team.

Pre-Registration for onsite testing is simple. You will text “LWD2022” to (917) 456-9396. You will then receive a message with a link to register for your rapid antigen test and to sign the consent form. After a quick one-time registration, you’ll follow instructions to comply with health requirements and reserve your daily onsite rapid test. Registration will be open beginning March 1, 2022, through the duration of the Summit. **Please complete your registration before arrival.**

When you arrive at The Ritz-Carlton Laguna Niguel for hotel check-in, you will receive an overview of next steps for LWD's COVID protocol procedures, as well as directions to the LWD testing area. **Our COVID Compliance Headquarters will be located in the Monarch Wing of the hotel, near the Monarch Pool, in Suite 1022.** You will be greeted by our team at the LWD welcome table. Once your COVID testing is complete and you have received a negative result, you'll be directed to the LWD Summit Check-In Desk to pick up your LWD credential that will include an identifying color dot that will designate your negative testing status.

Anyone who desires no physical contact with other LWD guests will have a special emblem placed on the front of their badge as an indicator of their preference to remain contactless. **Once received, you MUST carry this credential at all times for access to LWD event spaces and activities.** Each day, upon clearing a negative test, you'll receive a different color dot for your credential that will provide you with LWD Summit access.

If you receive a positive test result prior to travel, please email our CHP Health Team at covidmd@sharedharvestfund.org to discuss next steps and possible quarantine guidelines.

Thank you for your cooperation. We are excited to serve you and hope you enjoy this spectacular experience. To learn more about Shared Harvest and our community health initiatives, visit us at www.sharedharvestfund.org.

In Unity & Health,

Dr. NanaEfua Afoh-Manin
